

Web and Mobile Application Developer

Job Description

Ashcom Technologies Inc. is a premier developer of business system software and related mobile and Web technology solutions servicing a variety of industries. Ashcom is currently seeking a Web and Mobile Application Developer to join its growing, fast-paced company. This position has a specific emphasis in system analysis, design, database and programming support for business applications, working independently from the offices in Ann Arbor, Michigan.

Duties

- Design, development, implementation, and maintenance of a series of programs, a subsystem, revision or enhancement of a current system.
- Review client requirements, wireframes, and designs for technical feasibility, then work with the development team to translate these into user stories that can be implemented.
- Improve product quality through code reviews, writing effective unit tests, and collaborating with QA to implement automation testing where appropriate
- Communicate effectively with clients and senior management.

We hire on a 90-day independent contract, with possible conversion to full-time employment following the 90 day evaluation period.

Qualifications

- BS/MS degree in Computer Science or equivalent experience
- 5 or more years of experience in web software development, iOS/Android development a plus
- Demonstrated experience developing web and mobile applications in a professional setting
- Strong understanding of Github
- Strong proficiency with application development utilizing Ruby on Rails, MS SQL Web Services, PostgreSQL and GraphQL
- Ability to develop and maintain an Application Program Interface (API) for mobile applications is a plus
- Motivated to perform and willing to work hours necessary to meet agreed upon deadlines
- Understanding of iOS development tools and the development life cycle are a plus
- Familiarity with provisioning and App Store/Google Play deployment are a plus
- Familiarity with agile development methods (Scrum/Kanban)
- Excellent verbal and written communication skills
